

Hello Class!

Assignment:

Create the classic 'Hello World!' program in C++, and submit it. You MUST submit both the .cpp file containing your written code, and a screenshot file of the results of you running the program. Please submit both together for this assignment. This is the same format in which you'll be submitting all of the lab assignments for this course. (50 pts. for the code, 50 pts. for the screenshots.)

Code:

```
// Name: Dawlat Hamad
// ID:  GV5450
// Lab 1 - Hello World

#include <iostream>
using namespace std;

int main()
{
    cout << "Hello World!" << endl;
    return 0;
}
```

Output:

```
[Running] cd "/Users/Dawlat/Desktop/CSC 1500/Lab/1/" && g++ lab1.cpp -o lab1 && "/Users/Dawlat/Desktop/CSC 1500/Lab/1/"lab1
Hello World!

[Done] exited with code=0 in 0.714 seconds
